VOLUME CVI.---NO. 12. ALEXANDRIA, VA., SATURDAY EVENING, JANUARY 14, 1905. PRICE 2 CENTS.

A rich man died the other day. He died in the very midsummer of life, and he left his family $1,000,000. The doctor's certificate showed that death resulted from typhoid fever. The doctor himself said to a friend: "That man was a suicide. He had a splendid constitution. I could have pulled him through if his stomach had been sound. But he ruined his stomach by hasty meals, snatched in intervals of business and by neglect of symptoms which have been warning him a year past, that his stomach was failing in its duties."

The symptoms of a disordered stomach are, among others, variable appetite, sour risings, heartburn, undue fullness after eating, dull headache, dingy complexion, discolored eye, fluctuations in physical strength, nervousness, sleeplessness dependency. No person will have all these symptoms at once.

The restoration of the stomach to sound health, begins with the first dose of Dr. Pierce's Golden Medical Discovery. The cure progresses until the functions of the stomach are in healthy operation. Then the nerves are quiet and strong, the appetite healthful, the sleep restful, the eye bright, the complexion clear.

"Please accept my thanks for the benefit which my child received from your medicine," writes Mrs. W. A. Morgan, of Silica, Mo. "He had been troubled for nearly a year with liver complaint, indigestion and constipation. I gave him your 'Golden Medical Discovery' and 'Pleasant Pellets,' and they did him great good. I gave him the 'Discovery' about eight months, and several vials of the 'Pellets.' He seems to be perfectly well now."

If you want a cure accept no substitute for "Golden Medical Discovery."

Pierce's Pleasant Pellets These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That, such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

ST. ASAPH.

At last it seems as if the wishes of some of the citizens of Alexandria county, a few of the citizens of Alexandria city and the Washington press will have the proud satisfaction of seeing their efforts rewarded by a suspension, at least, of (in their estimation) every thing unlawful in the way of gambling charged by the Commonwealth's Attorney, including almost every thing known to the profession, except "stocks," which is recognized as a legitimate way of being "done" out of your money. It is amusing to see what interest the press of Washington takes in the affairs of Alexandria county. They, in conjunction with the Board of Trade, for years successfully kept any legislation from being enacted that would allow more bridges to be constructed across the Potomac. When the Mt. Vernon and Alexandria electric road was seeking to enter Washington they were opposed to their coming in the District of Columbia, except by way of Georgetown, crossing by means of a bridge built on the "Three Sisters." All this must have been for a purpose, in my opinion, to keep Alexandria county lands that could have been bought at that time for from $60 to $200 per acre, coming in competition with the lands that were on the other side of the river, and have been promoted during the past 10 years at fabulous prices by citizens of Washington and others. Look at the vast amount of money that is tied up in lands that have had new streets extended, paved and sewered at the expense of (in part) the tax payers and against the interests of what you might call "Old Washington," as is demonstrated by associations formed for protection. Look at the vast amount of money that is loaned by the banks in the city of Washington—fifty millions of dollars! Who are the borrowers? (Two recent failures show where some of the money was loaned.) It is hardly reasonable to think the merchants use any great amount. It is not the manufacturers, for they will soon have to leave the District, as the crowing of roosters has been abated, and certainly if the powers that be can succeed in that, they can prohibit the smoke nuisance, even should the factories have to close down and leave the District. It is amusing to most persons who are familiar with the working of those associations that put up the money that furnishes the sport of "Kings" (Money kings) such as Belmont, Keene, Dwyer, Whitney and others, who are enabled by means of the authorities winking at the violation of the laws of Congress and almost every State in the union including the District of Columbia. It is a well-known fact, I presume, that the press of Washington knows it is against the law to wager money in the District, yet at the same time they publish the odds laid by the pencillers on every horse that runs in the race that is run in the presence of the police, who are presumed to do their duty, and as no arrests are made, it is reasonable to presume they have their instrictions as to what their duties are. It is indeed amusing to see the system adopted by these gentlemen, who have large sums of money invested in race tracks, and race horses. I would not dare to suggest that the press is paid for it but for a few weeks in advance of the races to be held at Benning race track, there will appear in each of the Washington dailies an article in the news columns describing the coming event as one of the greatest in the history of the track. As the time draws near for the races the arrivals will be announced of the stables and how many stalls have been secured by Mr. so-and-so for his string of horses.

Interspersed to a nicely written story, how Pittsburg Phil, or some other celebrity, has run a shore string into a bank roll. The public in the mean-time are keyed up to concert pitch, saving their money and as was suggested by one of these papers last fall mournfully depriving their families of the necessaries of life, keeping their creditors out of the money they owe, to have a few dollars to see the sport of the money kings, the owners of the track, and to contribute two dollars each day for the privilege; at last the date comes for the "sport," to begin. Everything in Washington is ablaze, flags are flying, automobiles that are shipped from New York by some some of those who contribute so much money to furnish the sport. are gliding over the smooth avenues and the road to the track; and the thousands of those anxious to pay their $2 00 to see the sport are hanging on the electric cars en route to see the great events that have been heralded by the press. Some, of course, who are little better fixed go by way of the Pennsylvania Railroad, which costs 25c; all are headed the same way anxious and expecting to run a shoe string into a fortune. The day has come; the horses, jockeys and prices posted, when, by pushing, crowding and cursing, you succeed in getting Mr. Carroll (who by the way I think was ruled off), Mr. Thomkins or somebody else of the 50 to 100 that pay $75 per day for the privilege of accomodating the public (contributors), long enough time is given for all to get their money down if they have the strength to hold out in the crushing crowd. At last there rings out in the exclosure used as a betting ring "They're off" when for the first time these patrons of the sport step out and see the ponies run, and such a lot as was there last fall and winter would disgrace a Guttenberg, Gloucester, Iron Hill, Alexander Island or St. Asaph. Hardly one of them would class as an ordinary selling plater. The whole situation in my opinion resolves itself into two propositions; viz, Can, and should racing and betting on races be prohibited. To the first proposition I will answer it can, and just as soon as betting on races is probibited by the enforcement of the laws as they exist today, just so soon will racing cease, and not until then. Not ten in every thousand that visit the race track have any desire to and do not, in fact, witness the races. What more harm can there be in betting on the races at any other place than at the race track where the races are run, I cannot comprehend. It seems to be a part of the constitution of frail mankind (and the ladies are not exempt) to take a chance. Some years ago while the authorities were waging war on the Louisiana lottery company that had an office in Washington city where tickets were sold, I read an article in one of the papers written by some one who stated that he had more pleasure from the dollar he invested every month in a lottery ticket, than anything costing the same money. He reasoned thus—He knew that should he strike the capital prize which meant $15,000, he would take his children, walk around and locate a house that he could purchase for that amount of money, and then wait until the drawings were made and if he drew a blank, nothing undaunted, he would make another selection. The anticipation was his pleasure, and very often is really more pleasure than the reality. No doubt most of us would enjoy better health if we lived on coarse diet, but we do not choose to do it, and often suffer from indiscretion in eating. So it is with all our habits. It has been pretty clearly demonstrated that you canhot legislate morals or religion into frail mortals, such as most of us are, and there is more truth than fiction in what was written by a celebrated writer, viz: That the Pilgrim Fathers came to America, where they could worship God, according to the dictates of their conscience and prevent others from worshipping Him according to theirs.

Tonic to the System.

For liver troubles and constipation there is nothing better than DeWitt's Little Early Risers, the famous little Pills. They do not weaken the stomach. Their action upon the system is mild, pleasant and harmless. Bob Moore, of LaFayette, Ind., says: "No use talking, DeWitt's Little Early Risers do their work. All other pills I have used gripe and make me sick in the stomach and never cured me. Dewitt's Little Early Risers proved to be the long sought relief. They are simply perfect." Persons traveling find Little Early Risers the most reliable remedy to carry with them. Sold by all druggists.

$3,000,000 FREE!

HAVE been spent in perfecting a remedy that can be taken as a preventing agent against all diseases. Intense headache—constipation—or ailments of a trivial nature are immediately benefited.

We have given away during the last six months thousands upon thousands of bottles of BRO-MONIA (BROMOZONE) weekly. We do not want you to buy one cent's worth of BRO-MONIA (BROMOZONE) until we have given to you one bottle AT OUR EXPENSE.

It makes no difference what your ailment may be, BRO-MONIA (BROMOZONE) WILL CURE YOU—will benefit you—will put new life into you—and so confident are we of this fact that we GIVE YOU ABSOLUTELY FREE, express prepaid, the first bottle.

$10,000 will be paid upon proof (if directions are implicitly followed) to any one whom BRO-MONIA (BROMOZONE) will not benefit.

WHAT IS BRO-MONIA (BROMOZONE)? BRO-MONIA is the combined product of the best germicide, laxative, sedative and tonic known to the GERMAN, FRENCH, ENGLISH and AMERICAN HOSPITALS. It is not a medicinal humbug sailing under false colors—the pretended Ponce de Leon Fonutain of Youth—or a vague, mysterious product of some charlatan. It is merely a happy combination of the researches of the foremost chemists of the age—put up in such a way that it can be taken with convenience and ABSOLUTE SAFETY.

DO YOU TAKE BROMOS OF THE VARIOUS KINDS—DO YOU TAKE HEADACHE POWDERS—only to have to repeat and repeat the same dose day after day—endangering your heart and contracting a frightful habit? READ WHAT DR. ROBERT MATTISON STATED IN A LECTURE GIVEN BEFORE THE PHARMACEUTICAL ASSOCIATION OF PENNSYLVANIA, JUNE, 1902—GET IT—READ IT. If you believe, as this eminent authority evidently deduces, you will conclude that more people are killed by the use of these insidious drugs yearly than have been butchered by the JAPANESE AND RUSSIANS during the ENTIRE TIME THEY HAVE BEEN FIGHTING. If you use some or one of the various Bromos—headache powders or sedatives—give them up before it is too late. BRO-MONIA (BROMOZONE) is put up in the form of a granular effervescent—it looks like the various Bromos in appearance—but it is entirely different in its medicinal qualities, and you will readily note the difference in its beneficial effects.

You can take BRO-MONIA (BROMOZONE) as a remedial agent in place of ANY OF THESE DANGEROUS DRUGS and will find it VASTLY MORE EFFECTIVE in allaying your headache, which is sometimes the forerunner of the following complaints. **BRO-MONIA CURES THEM.**

Rheumatism,	Nervousness,	Ring Worm,	Menstrual Pains,
Epilepsy,	Fatigue,	Salt Rheum,	Constipation,

Urinary Complaints,	Neuralgia,	Diarrhoea,	Catarrh,
Consumption,	Nervous Indigestion,	Gastritis,	Intestinal Catarrh.

Physicians all over the civilized world prescribe practically the same drugs for certain ailments. We have endeavored to bring together a combination of these products that not only curesbut prevents disease—that renders you immune from contagion—as NECESSARY TO THE HOUSEHOLD AS SOAP OR WATER. If you feel ill, send for your physician if you will, but if you take BRO-MONIA (BROMOZONE) you may find that when he arrives your symptoms have disappeared. BRO-MONIA cures NOT by stimulating the inside nerves, the term being an evidence of ignorance, but by ASSISTING NATURE TO DO WHAT SHE WILL ALWAYS DO IF ALLOWED THE OPPORTUNITY, by eliminating ALL GERMS FROM THE BLOOD and putting the boiler of the body—the stomach—into first-class condition. BRO-MONIA (BROMOZONE) WILL DO THIS. Just as a dirty washbowl is cleansed by the good housewife, so does BRO-MONIA (BROMOZONE) clear the entire arterial system of impurities. WHEN YOUR BLOOD IS PURE you are well. WHAT MORE CAN WE DO THAN TO OFFER TO GIVE EVERY INVALID IN THE CIVILIZED WORLD TO-DAY A BOTTLE OF BRO-MONIA (BROMOZONE) FREE?

What more can we do than to offer to give to ANY ONE, WELL OR ILL, who will send us their address and that of their nearest druggist, a BOTTLE FREE?

Send us your name and that of your druggist—no matter where you live—WRITE PLAINLY, name and address, on postal, or by letter stating disease—as you wish or not. We will send you free of any cost one large bottle FREE.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATUFDAY EVENING, JAN. 14, 1905.

BECAUSE of friction between himself and Postmaster General Wynne, Fourth Assistant Postmaster General Bristow, the man who conducted the Postoffice Department investigation, resigned his commission yesterday. Bristow was immediately designated by the President as a special commissioner to investigate commercial questions in connection with the Panama canal and to look into the management of the Panama Railroad. The latter office was virtually created for him, and apparently upon short notice, but the President had no intention of losing the services of Bristow. He is to be paid out of the appropriation for the canal commission and will draw $15 a day and expenses. When Wynne was First Assistant Postmaster General and demanded an investigation of the Postoffice Department, feeling between himself and Bristow was caused by the latter's reluctance to proceed with a general investigation unless directed to do so by the President. The latter finally ordered an investigation and since that time the two men have been at odds.

PRESIDENT ROOSEVELT yesterday evening, in a special message to Congress, transmitted the report of the Isthmian Canal Commission and a letter from Secretary Taft, recommending that the commission be reduced from seven members to three, and that the administrator of the canal zone also serve as Minister to Panama. Secretary Taft says the present plan for building the canal has proved "unelastic." The President asks that in forming the new commission he be left entirely free to choose the men he considers best fitted for the work, and that the requirement that two of the commissioners shall come from the engineer corps of the army and navy be removed, and as he is all powerful now, his ideas will probably be adopted. He has discussed his reduction plan with the leaders of the House and Senate, who are in full sympathy with it, and the legislation which he recommends will probably be passed without delay.

ADMITTING that his action was taken "under fire," Archibald G. Loomis has resigned the vice presidency of the National City Bank of New York, the Standard Oil Company's great financial agent. Loomis' resignation comes as a climax to the sensational stories of the stock laundering which was managed by Munroe & Munroe, the erstwhile haberdashers, on the Wall street curb. As one of syndicate which agreed to furnish $700,000 to "wash" sales of Montreal and Boston Consolidated Copper stock, Loomis has figured in the scandal from the beginning. Loomis is to be called as a witness in the bankruptcy proceedings, and an effort will be made to compel him to tell all he knows about the operations of the "washing" syndicate.

A BILL to prevent discrimination in freight rates, in accordance with President Roosevelt's recommendation, will, it is given out, be reported to the House of Representatives within two weeks. This is the answer members of the interstate commerce committee make to the President's demand for early legislation against railroad rebates, and the bill, it is declared, will be satisfactory to all the friends of Mr. Roosevelt's policy, and will be satisfactory to the President. But, it is understood, the bill will also be satisfactory to the railroads, and will be drawn along lines suggested by the big corporations. It will be a model bill if it suits all parties.

MR. MAYNARD, of the Norfolk district, is working with all his might to secure a government appropriation for the proposed Jamestown celebration and elicits the support of all whose influence may be of any avail in that direction. Mr. Maynard has recently engaged in a little log rolling and a few days ago introduced a bill in the House of Representative to increase the President's salary to $75,000 per annum and pay all presidents $25,000 a year, so long as they live, after retiring from the White House. This looks very much like "I'll tickle you if you'll tickle me."

THE DEADLOCK in the Delaware Legislature was broken yesterday by the election of W. D. Denny, an Addicks republican, as Speaker of the House. It is believed that Mr. Addicks, who has been depicted by many republican papers as one of the most corrupt men in politics, will yet get into the United States Senate—and if he does, money, it is charged, will get him there.

The remains of Dr. Alonzo Sylvester, the Kaiser's American dentist, who committed suicide in Hamburg on Tuesday last, were cremated this morning. Dr. Sylvester left instructions that Dr. Watson, his former partner, who left him and set up a practice of his own, should not be allowed to attend. Despite these instructions, Dr. Watson said he intended to be on hand. A guard was accordingly posted at the door to exclude the dentist, if he attempted to enter.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Jan. 14.

The resignation of Joseph L. Bristow, as Fourth Assistant Postmaster-general, constitutes one of the most remarkable incidents in the recent history of the Postoffice Department. Mr. Bristow saw fit to take as a personal slight the transfer by Postmaster-General Wynne of the division of inspection from the fourth assistant's bureau to the office of the departmental head, despite the fact that as fourth assistant to the Postmaster-general, Mr. Bristow has for many months had the major position of the executive business of the department passing through his hands and for most purposes has been of more actual importance to the department than its head.

When Mr. Bristow decided that he had been affronted, his action was decidedly to the point. With Senator Long, of Kansas, he visited the White House yesterday afternoon, and handed his resignation to the President. He declared unfair means had been employed by Mr. Wynne in obtaining the President's approval of the transfer of the inspectors. Secretary Taft was hastily called, and after a further conference the appointment of Mr. Bristow to the Panama rate investigation was arranged and on his side Mr. Bristow consented to retain his position until next Friday. "Mr. Bristow's action calls for no explanation or apology from me," said Postmaster General Wynne today. "I have considered him an usually capable executive officer and a man of perfect honesty and integrity. The transfer of inspectors was simply for the betterment of the service."

If President Roosevelt's recommendations with regard to the Panama Canal are carried out by Congress, as they probably will be, the present Canal Commission of seven members will be abolished and a new commission of three members will be established. Chief Engineer Wallace will become the real head of the great undertaking and upon him will be placed the responsibility of executing the plans finally agreed upon for the construction of the canal. The present Canal Commission, which has Admiral Walker at its head, it is claimed, has proved to be cumbersome in operation. To help Mr. Wallace it is the intention of the President to call into consultation with him some of the best engineers of the country to act in an advisory capacity.

Major Sylvester has received information from Philadelphia that Gessler Rosseau, arrested yesterday and held as the man wanted here for attempting to dynamite the Frederick the Great statue, is probably the right man. It is believed that Rosseau is the man who tried to get an infernal machine on board the Cunard line steamer Umbria, at New York on May 9, 1908.

The Senator Smoot investigation was continued today for the defence, when more evidence in favor of the Mormons was given.

Fifty-Eighth Congress.

Washington, Jan. 14.

SENATE.

Mr. Dubois had read an amendment which he will offer to the Statehood bill, denying the right of suffrage to bigamis polygamists, and those who have been joined in celestial marriage, or to any member of any order, society, or organization favoring polygamy or the joining together in celestial marriages or to any one who counsels or aids in such practices.

Mr. Depew called up a bill to give citizenship to all American women, who married foreigners. The bill was amended to provide citizenship to those women alone whose husbands have died or who have been legally divorced.

Mr. Tillman objected to the words "legally divorced." He referred facetiously to "American girls running after titles."

Mr. Heyburn declared that citizenship should only be accorded those women who renounced their title, if such they had.

The measure went over to be printed.

The statehood bill was called up and then laid aside upon the announcement that no one was prepared to take the floor.

At 2:10 o'clock the doors were ordered closed for the consideration of executive business.

HOUSE.

The House today adopted the Hearst resolution calling upon the President for the grounds for the discharge of James C. Keller and three other letter carriers, and then took up consideration of some four hundred odd pension bills reported from the two pension committees of the House.

Four hundred and fifty-nine bills were passed. Of the beneficiaries proposed in the bills, five have died since the bills were placed on the calendar a month ago.

Will Have Clear Field.

The friends of Secretary of the Commonwealth D. Q. Eggleston are happy over the prospects of that gentleman's renomination in the primary next fall without opposition. Mr. Eggleston is one of the most popular and efficient of the State officers, and his long service in the Senate of Virginia made him strong friends and supporters in every section of the State. The office is largely a technical one, and Mr. Eggleston is perfectly familiar with all its details, and as lawyers and others throughout the State have to deal with it, they recognize the importance of having a man to fill it who is posted as to its duties. The new Constitution places the office for the first time before the people, and Mr. Eggleston's successor will be nominated in the primary next fall, along with the other State officers.—[Richmond-Times Dispatch.

It is probable that Morgan Treat, who was succeeded as United States marshal of the Eastern District of Virginia by J E. B. Stuart, will be appointed collector of customs at Richmond, succeeding Asa Rogers.

Fire damaged the Royal Victoria Hospital, at Montreal, this morning, to the extent of from $25,000 to $30,000. There were no casualties. The hospital is a gift of Lord Mount Strathcona, and is a magnificent grey stone structure.

The President has appointed Vespasian Warner to be commissioner of pensions. Mr. Warner is now a member of Congress from Illinois.

Prince Carl Alexander of Lippe-Detmold died yesterday of heart disease at the Castle of St. Gilgenberg, near Baireuth. He was born in 1831.

Dr. Paasche, second vice president of the Reichstag, denies that he said in a recent speech that Germany and Great Britain had been on the verge of war in the latter part of December.

Sellman Anderson, a prominent resident of Maryland, lost his life in a hotel fire at Annapolis last night. Several persons were more or less injured in escaping from the building.

The ecclesiastial court of inquiry called to consider charges against Bishop Talbot, of Central Pennsylvania, adjourned sine die yesterday at Reading, the members having decided that the body was unconstitutionally constituted.

Dr. Albert G. Carr, one of the most prominent physicians in North Carolina, committed suicide at Durham yesterday by shooting himself through the head. Dr. Carr had been in failing health for several months, and during the last few days had been suffering from insomnia.

At the meeting of the Postal League yesterday in New York Chairman C. W. Post, of Battle Creek, Mich., said he has prepared papers and will ask the United States Supreme Court for a restraining order to prevent Senator Thomas C. Platt from taking his seat. He said he would take this action on the ground that Senator Platt subverts the interests of the people he has sworn to represent in the interests of a corporation he really represents. The mattter relates to the parcels post.

Powell, colored, the American Minister at Port au Prince, has informed the government of Haiti that the United States government refuses to recognize the validity of the sentence in contumacy to fifteen years at hard labor pronounced by the Haitian court against Jaeger Huber, an American citizen, for alleged complicity in bond frauds charged against the administration of former President Simeon Sam and officers of the Bank of Haiti. The United States demands the annulment of the sentence, under pain of energetic intervention. The demand has caused much excitement there.

SITUATION IN THE EAST.

General Mistchenko's Cossacks have been trying to break the lines of communication to intercept General Nogi's big siege guns and prevent his 35,000 men from Port Arthur reinforcing Field Marshal Oyama's army in Manchuria. They attacked Niuchwang, compelled the Japanese to retire temporarily, but were subsequently put to flight. Cossacks also tore up the railway tracks between Tatchekiao and Yenkow, but they were driven off and the line promptly repaired.

These operations have, so far, not interfered with the Japanese plans, and it is expected that within a month the bulk of General Nogi's army, no longer needed at Port Arthur, will be on the Japanese lines in Manchuria.

Rear Admiral Botrovsky's division of the second Pacific squadron sailed from Suez for Jibutil, French Somaliland.

A Japanese cruiser captured in the Sea of Japan the British steamer Roseley, from Barry, laden with coal consigned to Vladivostok.

The Russian budget, just issued, estimates the total expenditures for 1905, not inclusive of the cost of the war, at $997,317,128, and the cost of the war in 1904 at $310,500,000.

A dispatch from Port Arthur says: The number of soldiers, seamen, and civilians at Port Arthur at the begining of the siege was 55,000. Ten thousand were killed or died of sickness; 878 officers and 28,500 soldiers and seamen were taken prisoners by the Japanese, including Gens. Nikitin, Baile, Sminoff Gorbatovsky, and Admirals Wiren, and Wilmann. Among the 441 officers, who with 1,100 naval workmen, gave parol, were Gens. Stoessel, Barmelemo, Rieh, Nadien, Kostenhenko, Admiral Grivorovitch, Rear Admiral Prince Ukhtomsky. Fourteen thousand sick and wounded remain in the hospitals. Five thousand Russian laborers will be sent to Chefoo. Two hundred officers were killed or wounded during the siege. Gen. Stoessel and other officers who gave parole, with the women and children, left January 11. There are no signs of privation at Port Arthur, and the food was sufficient for two months. The surrender is attributed to the lack of ammunition, the loss of warship, and the death of the real defended of the fortress, Gen. Kondrachenkom; the severity of the Japanese artillery fire, and the difficulty of maintaining order among the workmen in the fortress. The Japanese casualties since the battle of Nanshan are 55,000, of whom one-fifth were killed. There was a triumphal entry into the fortress yesterday detachments of all the Japanese regiments. The ceremony in honor of the departed spirits of the Japanese killed in the siege will be held tomorrow. The entire army will be present.

COURT OF APPEALS.

Proceedings of the Court of Appeals yesterday were:

Johnston, trustee, vs. George D. Witt Shoe Company, argued and submitted.

Richmond Passenger and Powder Company vs, Allan, argued and submitted.

Savage vs. Bowen & Company, partially argued and continued until Monday.

Next cases to be called:

Powell vs. Pierce, Blair vs. Security Bank of Richmond, Prison Association of Virginia vs. Russell's administrators and others, being Nos. 30, 31, and 32 on argument docket.

C. R. Stewart Acquitted.

Charles Randolph Stewart was acquitted at Sussex Courthouse yesterday of the murder of his cousin, Annie Bolling, who lived in his house. The jury stood eight for acquittal and four for murder in the second degree. It was shown that Annie Bolling was not of good character, and was mentally unbalanced, and that she had at various times set things on fire, this tendency being so strong that matches were kept out of her way. The defense brought much evidence to prove an alibi, the prisoner's wife, daughter and son testifying

Virginia News.

The Cochrane Commission Company, of Norfolk city, has gone into bankruptcy, with $3,000 liabilities.

Oscar D. Derr, postmaster at Roanoke during President Cleveland's first administration, and formerly editor of the Roanoke Leader, died yesterday after a brief illness, aged 50 years.

Col. R. E. Withers, of Wytheville, former United States senators who was for several months in a bad state of health is up and able to see his friends. Owing to his great age (86,) there was much fear that he would not recover.

Zacharias Armstrong was granted a full pardon by the governor, yesterday. As heretofore stated his innocence of the criminal assault was proved by the deathbed confession of the girl, who swore he had been unjustly convicted, but declined to give her assailant's name.

The jury in the Linkous murder case in East Radford, after being out fifteen minutes yesterday afternoon, returned a verdict of murder in the first degree, and fixed the punishment at death. Linkous's crime was the murder of his wife and adopted son by locking them in their rooms and setting fire to the house.

A storm of wind, rain and sleet was sweeping the Virginia coast last night, and the sailing vessels are at anchor. A large fleet of them ran into Hampton Roads before the storm, and consignees of those still out are uneasy. Dense fogs have prevailed along the coast for some days, and the only way the New York liners have been reported is by wireless. The British steamer Bardsley is ashore at Bousha Bluff, Hampton Roads. She failed to float at high water, notwithstanding four tugs were hauling on her. Yesterday she was being lightered of 500 tons of freight, and will probably get off at high water today.

McCUE.

Former Mayor J. Samuel McCue, from the time he learned that the Court of Appeals had refused his application for a writ of error, until noon yesterday refused food, and it is said spent a rather sleepless night. By noon yesterday, however, he had recovered his appetite, eating a hearty dinner and a good supper. Reports of his practical nervous collapse are not confirmed, and it can be said with certainty that he has shown a great deal of composure under all of the circumstances. He weeps occasionally, but not hysterically. He had a number of visitors yesterday, among them Rev. Dr. George L. Petrue, his pastor, who remained in the cell which confines the prisoner, for half an hour yesterday afternoon, the jailor being present throughout the interview.

McCue was crying a great part of the time. Nothing was said by the visitor or doomed man touching his innocence or guilt, and the question of a final statement was not broached. The tenor of the conversation showed the prisoner's resignation to his fate. He said he was prepared and willing to die.

Apparently confirming this view of his frame of mind was the statement made yesterday by one in position to know, that there is no present intention of making any appeal to Gov. Montague. However, the lawyers are still conferring, and it is understood that one of the local attorneys went to Lynchburg yesterday afternoon to consult with Mr. Tinsley Coleman, one of McCue's counsel.

Messrs. Walker and Sinclair, his local counsel, called at the jail yesterday and held an extended conference with the condemned man, his brothers, Edward O. McCue and Dr. Frank C. McCue, being present. Mr. Daniel Harmon, whose health was in such a critical condition that he had to retire from active participation in the defense, has recovered, and is now being consulted. Whatever the future may disclose, the outlook is that no immediate steps will be taken.

It is now regarded as certain that the execution will take place next Friday. Sergt. Rogers, by virtue of his office, will be in charge of the details, and it is said will be assisted by Sheriff Watts, of Albemarle, and Sheriff Wilson, of Augusta.

A dispatch from Lynchburg says that three of the counsel for J. Samuel McCue conferred yesterday afternoon and mapped out a plan of procedure, which will be carried out today in the hope of prolonging the life of McCue. Just what will be done has not been made public, but it is believed that the attorneys will go to Richmond to secure a respite from the governor, and then a subsequent effort may be made to have his sentence commuted to life imprisonment.

CONGRESSIONAL.

The Senate yesterday passed the legislative, executive, and judicial appropriation bill, and also a number of private pension bills. Much of the time of the session was devoted to a discussion of the proper policy to be pursued in granting pensions for service in the Indian police, and in allowing gratuities for injuries received by workmen while in the employ of the government.

Further consideration was given in the House to the impeachment charges against Judge Charles Swayne, of the Northern district of Florida. Mr. Littlefield, of Maine, claimed that there had been "no hunting or bounding" of Judge Swayne until, as a result of the O'Neal contempt case, O'Neal sought to get his revenge on Judge Swayne, and charged that since O'Neal died his friends were to an extent carrying on the prosecution. Messrs. Powers of Massachusetts, Perkins of New York, and Parker of New Jersey, also spoke, the two first named for and the last named against impeachment.

Bristow Resigns.

Joseph L. Bristow, fourth assistant postmaster general, yesterday tendered to the President his resignation as an officer of the postal service, to take effect on the 20th inst. By an executive order issed late yesterday President Roosevelt designated Mr. Bristow as a special commissioner to make an investigation into the present trade conditions and freight rates between the Atlantic and Pacific coasts and between the west coast of South America and the east coast of the United States and Europe, to determine the best nolicy of managing the Panama Railroad.

Mr. Bristow's resignation from the postal service was not a surprise, and came as a result of transfer of postoffice inspectors from him to the Postmaster General.

Today's Telegraphic News

The War in the East.

Tokio Jan. 14.—The Liao Tung garrison reports that the Russian force which was defeated in the neighborhood of Ying-Kow, on Thursday, retreated in disorder in two directions. Part of them made for the north toward Tokio and another part went in the directions of Nieuchwang. They left 62 dead and 6 wounded on the field. It is believed their casualties exceeded 500. Further fighting occured near Nieuchwang yesterday in which the Russians were defeated. The general staff believes the object of the Russian raid was to intercept any guns which might be enroute from General Nogi's army at Port Arthur, to the Shahke river, and further, to upset field Marshal Oyama's transport arrangements.

London, Jan. 14. A dispatch from Nagasaki Japan, this morning reports the arrival at the Japanese port of the transport Kamimura with General Stoessel, his wife and several of the Russian officers who fought at Port Arthur, on board. The officers are enroute for Russia, on parole. Officials of the port came on board, and after greeting General Stoessel and the other Russians, conducted them ashore on steam launches. On reaching shore they were given a warm welcome by the populace.

St. Petersburg, Jan. 14.—A telegram from the island of Java states that a naval base has been established at the island of Labuan by the Japanese. The British telegraph office on the island ceased working for twelve days to conceal the presence of the Japanese.

Paris, Jan. 14.—Government circles take a conservative view of the Russian note of warning to China, issued on Thursday. The opinion is that Russia's aim is to protest in time to avoid further difficulties and not to invite trouble as some have interpreted it. The Russian note, which was addressed to the powers, called their attention to the alleged violations of Chinese neutrality. The note said that Russia must claim the right to act in her own interests.

Congressional Forecast.

Washington, D. C., Jan. 14.—Definite notice has been served upon Senator Beveridge, who is chairman of the committee on territories in charge of the statehood bill, that he will not be able to secure a vote on that measure so long as it provides for the making of one State out of the territories of Arizona and New Mexico. The opposition to this part of the bill is determined and it includes some of the best fighters of the Senate. It can be accepted as certain, therefore, that if any new State is added to the Union by this Congress, it will be that formed by the amalgamation of Oklahoma and Indian Territory, and statehood legislation will go no further. Senator Heyburn hopes to induce the Senate next week to give consideration to his pure food bill. An effort will also be made by Senator Gallinger to secure the passage of some District of Columbia legislation. The fortification appropriation is nearly completed in committee and will be reported and considered next week.

It was rumored that it was the intention of the advocates of proposed ship subsidy legislation to attempt to secure consideration during the week of the bill recommended by the Merchant Marine Commission. Senator Gallinger says however, that while he will seize any opportunity that presents itself to get the subsidy bill before the Senate, he does not see any chance of doing it next week. Ceremonies in connection with the acceptance of the statue of the late Senator John J. Ingalls from the State of Kansas will occur next Saturday. Unless business under suspension of the rules shall occupy too much time on Monday, the Swayne impeachment case will again be called up for consideration in the House. The army appropriation bill is still pending and will come up again when the Swayne case has been disposed of. The pension bill and the Indian appropriation bills have both been reported and will be called after the army bill. The river and harbor bill and the public building bill will probably be agreed on in committee next week.

The Mable Page Murder Case.

Boston, Jan. 14.—The climax of the government's case against Charles T. Tucker, charged with the murder of Mabel Page, came late yesterday when Professor Wood delared that he had found blood on the overcoat and trousers worn by Tucker on the day of the murder and on the broken knife found in Tucker's home. Today will see the completion of the case for the prosecution and it is probable that the defense will begin its case. There will not be more than enough time today for Tucker's counsel to outline the defense. The taking of testimony will not begin until the opening of Court Monday morning. Although the government's half of the case is nearly over, important developments are looked for before adjournment.

The Czar's Order to the Army.

St. Petersburg, January 14.—Czar Nicholas today issued an order of the day to the army, in praise of the heroic defense of Port Arthur. The order read: "With a handful of men we withstood the enemy's furious attacks. My brave soldiers and sailors, let not this sorrow discourage you. Our enemy is brave, and strong, and it is extremely difficult to sustain a struggle at a distance of 10,000 versts. I am confident, as is every Russian, that the hour of victory is striking, and God will bless my dear army and fleet in their efforts to crush the enemy and sustain the honor and glory of the Fatherland."

The Turko-Bulgarian Trouble.

Constantinople, Jan. 14.—The Turko-Bulgarian situation is taking on a sinister aspect, The Vali of Adrianople has reported to the Sultan that Bulgaria is erecting block houses and new fortifications along the Roumelian frontier. When Abdul Hamid received the information he at once instructed the War Office to follow suit. Turkey is collecting large amounts of war munitions at Salonika for use in case of a sudden emergency.

FOREIGN NEWS.

The reported appointment in St. Petersburg, of Grand Duke Michael Nicolavietch as president of the council of ministers, has been confirmed.

The disturbance in the French Chamber of Deputies yesterday, in which the government was assailed by the opposition and the possibility of the debate resulting in the downfall of the Combes ministry, drew a record crowd to the chamber today. The interpellations were continued by the opposition. Premier Combes, after hearing a number of questions, rose to his feet and replied. The government, he said, was doing its utmost to obtain democratic reforms, especially by fighting clericalism. Turning to the right, he made a violent attack on the members in that section of the chamber, charging them with having sought pretexts for causing the disturbance which marred yesterday's session.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Letter from Mr. Colvin.

Mr. J. Colvin, superintendent of the Washington, Alexandria and Mt. Vernon Railway Company, in a letter received by the Commissioners of the District of Columbia yesterday, denies that the station of the company at 13½ street and Pennsylvania avenue is kept in a filthy condition, as was alleged by the secretary of the Washington and Alexandria Commuters' Association. Mr. Colvin also denies that the breaking of windows by passengers entering and getting out of the cars is a common practice. He also declares that "the railway company is a common carrier and cannot limit its patronage to the Commuters' Protective Association of Alexandria and Washington." Mr. Colvin calls attention to the fact that the company will soon be in possession of its new station where better accommodations can be secured. In closing his letter Mr. Colvin says: "It is true that in case of delay in the arrival of trains, which sometimes results in two or three arriving at the same time, we are very much crowded, especially if such a condition occurs between 4 and 8 o'clock p. m., but this station is not the only point in the city, or in other large cities, where such congestion occurs, and it is largely due to the desire of every one to take the first car. As to the race track men and Mt. Vernon visitors, referred to, this travel occurs at a time of day when the commuters are not traveling, and even if it did, this railway company is a common carrier, and cannot limit its patronage to the Commuters' Protective Association of Alexandria and Washington.

Disagreeable Experiences.

Passengers who left Washington for this city at 11:50 o'clock last night had a frigid experience before they reached their homes. The train was sidetracked at Lloyd's to allow the passage of a north bound train, and after it had remained on the siding some time the lights went out and the electric heaters refused to work. It soon became extremely cold, and some male passengers started a fire on the floor of one of the cars, feeding it with newspapers. The flames ascended almost to the roof of the car. It was subsequently learned that the electric current was too weak to move the cars or the train which was supposed to be coming. At this juncture most of the passengers left the stalled train and proceeded to this city on foot. A blinding snow storm was raging at the time, while the wind blew keenly from the northwest. People who left Washington on an electric train at 12:30 last night say they did not reach this city until 2 o'clock this morning.

To Hear Complaints Next Month

Judge Beverley T. Crump, the chairman of the Corporation Commission, has asked that a date be set for a visit to this city to hear complaints concerning unsatisfactory transportation facilities of the electric railway. Yesterday Mr. John S. Beach, the clerk of the courts here, received a telegram from the commission asking for the use of the court-room about the last of this month. He replied and offered the use of the room during the first week in February. When the matter was brought to the attention of Mayor Paff he wired Judge Crump, placing the use of the council chamber at the disposal of the commission.

Today the Clerk of the Corporation Court received a letter from the chairman of the Corporation Commission stating that the commission would meet in this city on February 2d next, and would accept the offer of the use of the Corporation Court room.

Application for Writ of Error.

Mr. C. C. Carlin, counsel for the Southern Railway Company, has filed a petition for a writ of error and supersedeas in the case of Hansbrough's administratrix vs. the Southern Railway Company. This is a suit in which a judgment for $5,500 was obtained against the defendant company at the last term of the Circuit Court in this city. A dispatch received in this city today from Richmond announced that the Court of Appeals had granted the writ of supersedeas and error. Hansbrough, it will be remembered, was struck by a light engine and killed at the intersection of Wythe and Henry streets last summer.

A report was current today to the effect that the barge service between this city and Shepherd's will not be discontinued tomorrow. The report, however could not be verified.

THE ST. ASAPH CASES.

Fine of $500 Imposed Upon Lewis Bargin, Together With Six Months Confinement in Jail.

A large crowd gathered in the Police Court room this morning to witness the examination of the charges against certain individuals arrested at St. Asaph last Monday evening, who are charged with book-making and promoting bets on horse races.

Commonwealth's Attorney Brent conducted the prosecution and Messrs. Edmund Burke and C. C. Carlin appeared for the accused.

The court was called to order at 10:30 o'clock by Justice Caton.

Mr. Carlin moved that the indictments be quashed.

This motion was overruled, and Mr. E. C. Dunn, City Engineer, was put upon the stand. He testified that the pool room which had been raided was 380 feet inside the one-mile jurisdiction of Alexandria.

Lewis Bargin, manager of the Old Dominion Telegraph at St. Asaph, was the only one of the accused arraigned.

Chief Webster told of the visit of the Alexandria police to the pool room last Monday evening. He saw no game in progress, but said the telegraph service was in operation. Witness saw blackboards, but no numbers on them, but found books, tickets, sheets, &c., which he produced in court; he did not take these things from the person of any one. Cross-examined by Mr. Burke—Witness said the building in which the raid was made was on the premises when horses were run at St. Asaph.

Mr. Frank Taylor told of betting on horses last Monday. He went into details concerning the manner of conducting business at St. Asaph. No commissions were collected from winners by the St. Asaph people.

Mr. Burke said the defense would submit as evidence the charters of the Gentlemen's Driving Park and Old Dominion Telegraph Company.

Charles Burlingame, employee of the Old Dominion Telegraph Company, was the next witness. He described the manner of transmitting bets to the West Virginia Athletic Association and the orders for their payment. Witness said the company sent miscellaneous telegrams and during the Spanish war the government used the wires, which were at the disposal of anyone.

Frank Snooks, another employee of the Old Dominion Telegraph Company, took the stand. His evidence did not vary materially from that of the preceding witness.

The defense introduced as evidence the charter of the Old Dominion Telegraph Company, which it was averred, allowed it to transmit money in connection with business lawful in West Virginia and unlawful in this State.

Lewis Bargin, manager of the Old Dominion Telegraph Company, took the stand, but his evidence was substantially that of Messrs. Burlingame and Snooks.

The charter of the West Virginia Athletic Association at Harper's Ferry, to which organization dispatches are sent and from which others are received, was offered in evidence by the counsel for the defense.

Mr. Brent, after all the witnesses had testified, presented the case from the standpoint of the prosecution, in which he maintained that the charter of the Old Dominion Co. never contemplated allowing the company to conduct the business recently in vogue at St. Asaph. He averred that the accused was guilty as charged, and read acts of Assembly to substantiate his assertion. He, however, said he had no desire to further prosecute the St. Asaph people now that resort was closed, and asked that the minimum fine ($100) be imposed on Bargin and that the other parties in custody be released on their own recognizance to appear any time within the next two months. In the course of Mr. Brent's arguments he referred to criticisms made of his action in connection with the arrests at St. Asaph. He said he expected to be criticised as a public officer, and took no offense, but when the Mayor of the city took exceptions to the action of the Chief of Police and indirectly to that of the Commonwealth's Attorney, the speaker would say that if the Mayor supposes the policemen are his private property and can make no movement without notifying him, he is much mistaken. In dismissing the matter he would repeat the observation concerning fools rushing in where angels dare not tread. Mr. Brent said he had always endeavored to aid the Mayor in every manner possible.

Mr. Burke, for the defense, followed Mr. Brent.

Mr. Burke spoke an hour and a half. He urged that the charter of the Old Dominion Company allowed it to forward money, and that the company was not amenable to any law passed prior to the granting of their charter.

He was followed by Mr. Carlin, who spoke about half an hour. He said that Mr. Burke had about exhausted the case, but in the delivery of his arguments he brought out several additional points on the lines which had been followed by Mr. Burke.

At the close of the arguments Justice Caton gave a concise summary of the case. He took the ground that the law had been violated in that the accused had accepted a wager, as the evidence showed; further that the wager was completed and the offense committed before the telegram was sent. He referred to the law which held amenable persons who registered or recorded bets, and observed that the evidence had shown that such had been done. He, therefore, imposed a fine of $200 upon Bargin and sentenced him to six months' imprisonment in jail.

The accused noted an appeal to the Corporation Court, which was allowed, and he was released upon a bond of $500 for his appearance.

The other persons who were arrested last Monday were released upon their good behavior for their appearance at the April term of the court should further proceedings follow.

Within Police Jurisdiction.

The pool room at St. Asaph, according to a survey made by City Engineer Dunn, is 4,900 feet from the corporate limits of the city of Alexandria, or 380 feet inside the police jurisdiction of this city, which extends 5,280 feet. It has several times been claimed that the building in question was beyond the police jurisdiction of Alexandria, and surveys alleged to have been made were urged in substantiation of such assertions. The survey made by the City Engineer is official and settles the question beyond all controversy.

Meetings.

The annual meeting of the Union Investment Co., was held at the company's offices, 119 south Fairfax street, yesterday. The following officers and directors were elected for the year: Harry V. Fire Company Meeting.

The annual meeting of the Relief Hook and Ladder Company last night was largely attended and much business of importance to the company was transacted. After the regular business was disposed of the following officers and committees were elected to serve during the ensuing year: President, Park Agnew; 1st vice president, John H. Trimyer; 2nd vice president, Joseph DeSilva; Secretary, Charles De Molle; recorder, Ernest Evans; treasurer, G. M. Meyers; foreman, R. M. Latham; 1st assistant foreman, Harry Haynes; 2nd assistant foreman, Charles Clarkson; property committee, J. T. Evans, J. De Silva and H. Haynes; membership committee, E. Evans. After the meeting the members enjoyed one of Mr. John Clapdore's famous oyster roasts. This company is in a flourishing condition.

Transfer of Weems Steamers.

The Weems steamer Anne Arundel, Captain Geoghegan, left the Baltimore drydock yesterday after repairs, and tonight will take her place on the Potomac and Washington route. She will relieve the Calvert, which in turn, will take the place of the Northumberland on the Rappahannock line. The Northumberland, of the latter route, will tie up for overhauling. Today the Potomac, of the same fleet, will be lowered from the railway of the William Skinner Shipbuilding and Drydock Company and will return to the Rappahannock, continuing to ply from there to Norfolk and relieving the Essex, which will go to the same yard for through overhauling.

Permit for Railway.

The Washington, Alexandria and Mt. Vernon Railway Company has been granted a permit by the Commissioners of the District of Columbia for the construction of its new tracks in the vicinity of the municipal building in Washington occasioned by the change in route necessitated by the construction of the municipal building. The permit provides for the construction of the new tracks of the company on D street northwest from 13½ street to 12th street, on 12th street from D to C street, and on C street from 12th to 14th street, with the necessary curves, switches and crossings.

Escape of Murderer.

Joseph Pierce, colored, made a murderous assault upon his wife in Washington last night. He fired two shots from a revolver at the woman and leaped from a second-story window and made his escape. It is believed his victim's wounds are fatal. Pierce made his way to this city and was captured by Mr. Bernard Donnelly, an employee of the Washington-Southern Railway Company, and placed in the sand house. The negro, however, subsequently made his escape.

D. A. R.

A largely attended meeting of Mt. Vernon Chapter, D. A. R., was held at the residence of Mrs. J. Stewart Jamieson yesterday afternoon. Considerable business of importance was transacted, including the election of delegate and alternates to the Continental Congress to be held in Washington April next. Later in the evening a number of friends of the attractive hostess, together with the members of the chapter, were charmingly entertained.

Charged with Robbery.

Edward Mapple, Ellis Nightingill, William Maupin and William Oehlert, white, and Richard Pines, colored, were arrested yesterday by Lieutenant Smith and Officers Lyles, Smith and Sherwood on suspicion of robbing Mr. C. L. Goods's store, on upper King street Thursday night. The case was examined in the Police Court this morning, when Mapple was sent on to to the grand jury, Oehlert was dismissed, and the cases against the others were continued.

Property Sales.

The Mechanics' Building Association, No. 2, has sold to W. T. Gillingham two houses and lots on the north side of Queen street between Alfred and Patrick for $1,235.

The Mechanics' Building Association, No. 4, has sold to Mr. Gillingham a house and lot on the east side of West street between Queen and Princess for $475.

More Expectorators.

Richard Roll and D. L. Morrison were arrested yesterday evening by Officer Beach and Conductor Kerrick charged with expectorating in electric cars. The cases were called in the Police Court this morning when Morrison was fined $1. Roll forfeited $5 collateral by failing to appear.

LOCAL BREVITIES.

The supply of country produce in market this morning was very small and buyers were few. Prices showed no material change.

The weather last night was blustery and cold with snow. Clearing conditions followed, and today the sky has been clear with a lower temperature.

Mr. C. O. Pulman was elected 1st vice president of the Retail Merchants' Association at the meeting last Wednesday night; Mr. E. M. Anderson 2d do., and Mr. F. M. Adams 3d do.

Mr. E. S. Moore, of Stafford county, has sold to Mr. W. A. Morton, of Washington, his half-interest in the Marlborough fishing shore on the Potomac river, in Stafford county.

Charles, the little son of Mr. Steward Jones, was quite painfully burned about the face and hands by falling against an oil stove at the residence of his grandparents yesterday afternoon.

It is understood that the fight which occurred last Saturday night, about midnight, among a number of white men near the corner of Gibbon and Pitt streets, will be repeated tonight. Though the neighborhood was alarmed on the night named no policemen appeared on the scene and no arrests followed.

The prayer meeting held Thursday night at the Children's Home by the Allison W. C. T. U. was a very interesting one. Miss Victoria Bell, corresponding secretary, of Westchester county, N. Y., gave a beautifully illustrated temperance talk which gave great pleasure to the audience. These weekly prayer meetings are growing in interest and numbers. They are held under the Evangelistic Department, of which Mrs. Cary is superintendent.

About half-past six o'clock last night some person set fire to a shed in the alley bounded by King, Cameron, Pitt and St. Asaph streets. Fortunately the fire was discovered before much damage resulted.

The Jackson City poolroom, operated by the Virginia Telegraph Company, will, according to promise of its owners, be closed today.

All coughs, colds and pulmonary complaints that are curable are quickly cured by One Minute Cough Cure. Clears the phlegm draws out inflammation and heals and soothes the affected parts, strenghtens the lungs, wards off pneumonia. Harmless and pleasant to take. Sold by all druggists.

Do Not Suppress a Cough.

When you have a cough do not try to suppress it, but remove the cause. The cough is only a symptom of some disease, and the disease is what you should cure, then the cough will stop of itself. The most common cause of coughing is a cold. Anodynes will promptly suppress the cough, and preparations containing chloroform, opium, etc., are used for that purpose, but they do not cure the cold. Chamberlain's Cough Remedy on the other hand does not suppress the cough, but relieves it by removing from the throat and lungs the mucus which obstructed the breathing and allaying the irritation and tickling in the throat. It also opens the secretions and effectually and permanently cures the cold as well as the cough. For sale by Gibson & Timberman and W. F. Creighton & Co.

Votes and Kisses.

In the letters of William Cowper, the poet, is an interesting description of some old fashioned political campaign tactics in England: "We were sitting yesterday after dinner, the two ladies and myself, very composedly and without the least apprehension of any such intrusion in our snug parlor, one lady knitting, the other netting, and the gentlemen winding worsted, when to our unspeakable surprise a mob appeared before the window, a smart rap was heard at the door, the boys hallooed and the maid announced Mr. Grenville. Puss—one of the same hares—was unfortunately let out of her box, so that the candidate, with all his good friends at his heels, was refused admittance at the grand entry and referred to the back door as the only possible way of approach. In a minute the yard, the kitchen and the parlor were filled. Mr. Grenville, advancing toward me, shook me by the hand with a degree of cordiality that was extremely seducing. When the conference ended, Mr. Grenville squeezed my hand again, kissed the ladies and withdrew. He kissed likewise the maid in the kitchen and seemed upon the whole a most loving, kissing, kind hearted gentleman."

Likes a "Nosey" Clerk.

"That new salesman," remarked a floorwalker in a Broadway haberdasher's store to the proprietor, "seems to be an inquisitive sort of fellow. When business is slack he noses about, looking at everything on the shelves, examining tags and peeping into boxes that are not strictly in his department. I think I'll speak to him."

"You will please do nothing of the sort," answered the proprietor. "Clerks who 'nose' about, as you express it, instead of posing by the door, are the young men who know exactly what goods we have in stock and where to find them. They do not keep a customer waiting while they run to you or me and risk losing a sale. There is nothing about my stock that I don't want my clerks to know. I would rather they find out for themselves than go running to you for information."—New York Press.

A Courageous Soldier.

Admiral Wilson of the British navy won his Victoria cross at the battle of El Teb in 1884. There was a gap in the square, and five or six of the enemy made a vicious rush forward, attempting to get inside. Captain Wilson, who was present with the naval brigade, advanced to meet them alone, but his sword broke in the endeavor to cut one of the intruders down. Hereupon the officer, instead of beating a hasty retreat, stood his ground and began bowling over the enemy with his fists. Either from the nature of the ground or, as the record puts it, "the surprising nature of his attack," Captain Wilson escaped with a few wounds and was rescued by the square closing up round him. Sir Redvers Buller described the act as the most courageous he ever witnessed.

The Human Neptune.

It is doubtful if there ever was a sturdier human Neptune than Captain Webb, whose memorable exploit in crossing the English channel will always be remembered. It was mere ill luck—a fatal chance—which tossed him against a rock in the Whirlpool rapids of the Niagara river and ended his life. Lord Byron was a marvel in the water. He equaled the feat of Leander in propelling himself across the Hellespont without aid or relief from any quarter, and before him beamed no beckoning signals, glances and smiles from an incomparably beautiful Hero. But even Byron never swam across the English channel. As the champion of the silver streak of sea Webb was the wonder of the ages.

Wire Fire Extinguishers.

In factories where inflammable materials are made small fires are very apt to break out, and unless their progress is at once stopped the results may be serious. In varnish factories the fire extinguisher consists of a mesh of very fine wires. Should a jar of varnish become ignited, a workman seizes the net, which is always kept ready at hand, and pops it over the vessel containing the burning liquid. The wires conduct off the heat so quickly that the flames have no time to spread and soon die out.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick, of Colusa, Calif, writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by E. S. Leadbeater & Sons, druggists.

No More Stomach Troubles.

All stomach trouble is removed by the use of Kodol Dyspepsia Cure. It gives the stomach perfect rest by digesting what you eat without the stomach's aid. The food builds up the body, the rest restores the stomach to health. You don't have to diet yourself when taking Kodol Dyspepsia Cure. J. D. Erskine, of Allenville, Mich., says, "I suffered Heartburn and Stomach trouble for some time. My sister-in-law has had the same trouble and was not able to eat for six weeks. She lived entirely on warm water. After taking two bottles of Kodol Dyspepsia Cure she was entirely cured. She now eats heartily and is in good health. I am glad to say Kodol gave me instant relief." Sold by all druggists.

Chamberlain's Colic, Cholera and Diarhoea Remedy.

The uniform success of this remedy has made it the most popular preparation in use for bowel complaints. It is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. For sale by Gibson & Timberman and W. F. Creighton & Co.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Lungache,

pains in chest, bronchitis, and similar signs of a cold on the lungs, can be quickly relieved and cured by

HAMLINS WIZARD OIL

No time should be lost, because lung trouble may easily develop into pneumonia or consumption. Hamlins Wizard Oil, applied to the chest, relieves the pain and inflammation, loosens up the cough and soon cures the disease.

"My little girl," writes Rich. W. Thornton of Quray, Colo., "suffered more or less with a cold on the lungs since her birth, and finally the trouble became serious. No remedies gave relief, until we tried Hamlins Wizard Oil, one bottle of which permanently cured her." Price 50c and $1.00.
